

OFFICIAL JUDICIAL REPORT: OFFICE OF THE CHIEF JUSTICE

To: Her Majesties, and The Gaelic Kingdom of Mabruenia

From: Proprietor The Rt. Rev. Dr. Sir Stanley F. Garland, D.Div. (Hon.), Knight of the Order of the Melting Mountain, Chief Justice of Mabruenia, Provost of the Universalist Collegium

Subject: Judicial Report on the Matter of *Crown vs. Ein* (2026)

Date: April 5, 2026

I. Case Overview

The matter of *Crown vs. Ein* was brought before the Ministry of Justice following the defendant's ban within the Commonwealth jurisdiction. A trial was initially sought within the Kingdom of Mabruenia to address potential violations of national law.

II. Findings of the Court

Upon review of the judicial record and administrative logs, the Court finds the following:

- **Procedural Inactivity:** No formal proceedings were initiated following the initial request for a trial.
- **Lack of Adjudication:** No formal charges were heard before a competent court, no evidence was officially entered into the record, and no judicial process was carried out.
- **Jurisdictional Status:** Given the absence of active filings or a constituted court session, this matter never entered the stage of active adjudication.

III. Final Verdict and Administrative Conclusion

The Ministry of Justice recognizes that there is no ongoing legal question before the Crown. Due to procedural inactivity and a lack of jurisdictional advancement, this case is considered **Formally Closed**.

This closure constitutes an administrative conclusion rather than a criminal conviction, as the matter did not proceed to a verdict. The prior administrative actions taken by external jurisdictions (the Commonwealth ban) remain noted but are outside the current judicial scope of this Kingdom.

IV. Judicial Certification

As Chief Justice and Provost, I certify that this report accurately reflects the procedural status of the case. The matter is dismissed without prejudice.
